ChronosHub

ChronosHub Puts the Authors First

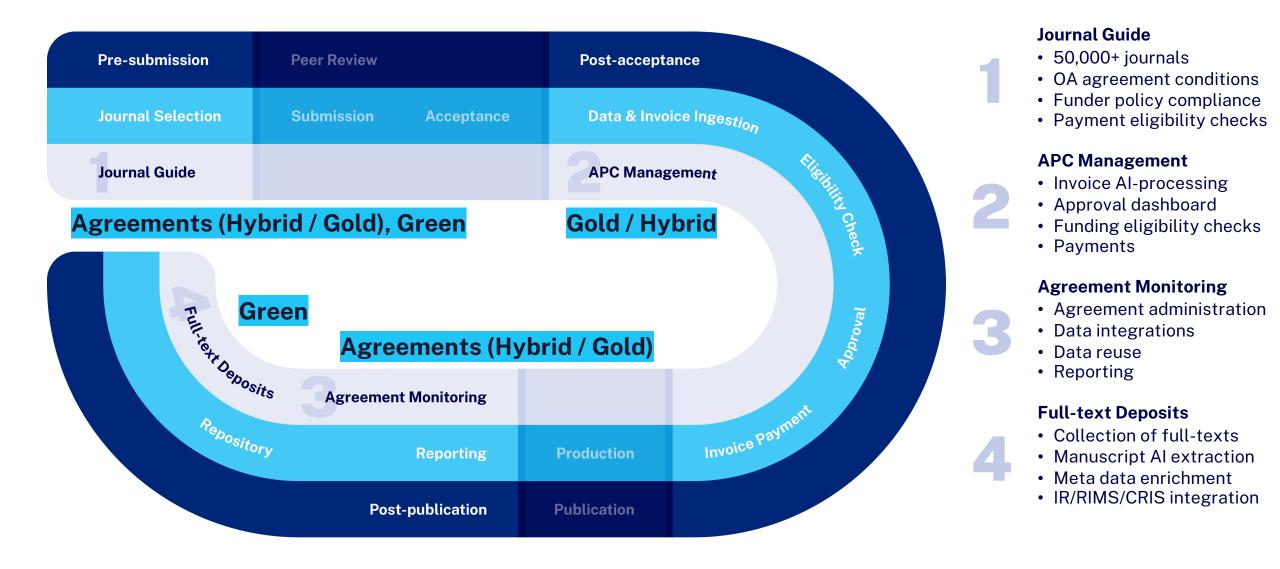

By combining AI and integrations we automate the publishing workflow across the different stakeholders.

Selected customer references from each stakeholder group in the research ecosystem.

ChronosHub

Automating the processing of research outputs and OA types along the publishing journey

Green challenges:

- 1) Infrastructure
- 2) Staff resourcing
- 3) Culture change

Golden challenges:

- 1) Communication
- 2) Payment processes
- 3) No or limited APC funds

Hybrid/Agreements challenges:

- 1) UKRI and other funding policies
- 2) Communication with the researchers
- 3) Communication with the publishers

ChronosHub

A mindmap with challenges and <u>collaborative</u> solutions **Green solutions:** 1) Infrastructure: Better integrations. Publisher to shar

1) Infrastructure: Better integrations, Publisher to share AAMs, Policy for rights retention

Focus on Green, Gold and Hybrid/Agreements

ChronosHub

- 2) Staff resourcing: Maintain staff, more automation, hire juniors
- 3) Culture change: Jisc to promote green policy, highlight green costs vs gold, funders to provide more support

Golden solutions:

- 1) Communication: Clear information and funding eligibility before manuscript submission
- 2) Payment processes: Better info from publishers, streamline internal finance team tasks
- 3) No or limited APC funds: See communication.

Hybrid/Agreements solutions:

- 1) UKRI and other funding policies: See communication below.
- 2) Communication with the researchers: Need a one-stopshop (checks eligibility, APC/agreements, funding policies, ensure fulltext compliance along the process)
- 3) Communication with the publishers: need correct journal and agreement data

Green solutions:

- 1) Infrastructure: **Better integrations**, Publisher to share AAMs, Policy for rights retention
- 2) Staff resourcing: Maintain staff, more automation, hire juniors
- 3) Culture change: Jisc to promote green policy, highlight green costs vs gold, funders to provide more support
- ⇒ Widget for all outputs (DOI, email, manuscript scanning)
- \Rightarrow Out-of-the-box integration with Zenodo

Golden solutions:

- 1) Communication: Clear information and funding eligibility before manuscript submission
- 2) Payment processes: Better info from publishers, streamline internal finance team tasks
- 3) No or limited APC funds: See communication.
- ⇒ Extended widget for APC funding requests (agreement checks, multiple (deposit) accounts, VAT reporting)

Hybrid/Agreements solutions:

-) UKRI and other funding policies: See communication below.
- 2) Communication with the researchers: **Need a one-stop-shop** (checks eligibility, APC/agreements, funding policies, ensure fulltext compliance along the process)
- 3) Communication with the publishers: need correct journal and agreement data
- Enhanced Journal Guide (incl. better integrations)
- \Rightarrow Journal and Agreement Manager for publishers

How to get paid for talking about publishing in 3 easy steps!

Learn about our research project

We want to know your thoughts on the publishing journey and how it affects your day-to-day work.
